

What Can I Do in the Role-Play Area?

I can develop stories in my play.

I can make up stories using small world toys and props.

I can retell experiences and events in my play.

I can listen to other's ideas to develop my play.

I can share props and play equipment and cooperate with others.

I can play with others, to create and act a story.

I can use language and ideas from stories I have heard.
