

# What Can I Do with ICT?

I can turn some basic equipment on and off.

I can operate simple forms of technology, such as a camera or CD player.

I can draw a picture on a screen, create a video or record a story.

I can complete a simple program on the computer.

I can select different types of technology for a purpose, such as a camera, computer or CD player.

I can talk about different types of technology and how I can use them.

I can use touchscreen devices, such as a tablet or camera.
